# Why CoreLogic Technologies?

---

## TAILORED SOLUTIONS

We understand that every organization has unique IT needs. CoreLogic Technologies offers customized solutions that address your specific challenges and requirements, ensuring a perfect fit for your business.

## PROACTIVE SUPPORT

Our expert team of IT professionals provides proactive monitoring and support to identify and resolve issues before they impact your operations. We're here to keep your systems running smoothly, so you can focus on your core business.

## EXPERT TEAM

At CoreLogic Technologies, we have assembled a team of seasoned IT professionals with extensive experience in various technologies and industries. Our experts work collaboratively to deliver exceptional service and solutions tailored to your needs.

## COST-EFFECTIVE IT MANAGEMENT

By partnering with CoreLogic Technologies, you can benefit from our economies of scale and streamlined processes. We offer cost-effective IT management solutions that help you maximize your technology investments and reduce the burden of day-to-day IT operations.

# Managed IT Services

---

## END-TO-END MANAGEMENT

Providing comprehensive IT support and management, covering all aspects of your technology infrastructure from hardware to software and everything in between.

## REMOTE MONITORING & MAINTENANCE

Continuously monitoring your systems and networks, proactively addressing issues, and performing regular maintenance to ensure optimal performance and uptime.

## VENDOR MANAGEMENT

Handling all interactions and negotiations with your third-party technology vendors, ensuring you receive the best service, pricing, and support for your business needs.

**WITH OUR MANAGED IT SERVICES, YOU CAN FOCUS ON YOUR CORE BUSINESS WHILE WE HANDLE THE COMPLEXITIES OF YOUR TECHNOLOGY INFRASTRUCTURE, PROVIDING YOU WITH PEACE OF MIND AND THE ASSURANCE THAT YOUR IT IS IN CAPABLE HANDS.**

# IT Security Overview

---

## NETWORK SECURITY

Implementing firewalls, intrusion detection/prevention systems, and virtual private networks to protect your network from unauthorized access and cyber threats.

## EMAIL ENCRYPTION & SPAM PROTECTION

Encrypting sensitive email communications and implementing robust spam filtering to safeguard against phishing attacks and unauthorized access to your data.

## UNIFIED THREAT MANAGEMENT (UTM)

Consolidating multiple security functions, such as firewall, antivirus, and content filtering, into a single, centrally managed platform for comprehensive protection.

## FULLY HOSTED SECURITY AS A SERVICE

Outsourcing your entire security infrastructure to a trusted provider, enabling you to focus on your core business while ensuring your data and systems are well-protected.

**BY IMPLEMENTING A COMPREHENSIVE IT SECURITY STRATEGY THAT ADDRESSES NETWORK SECURITY, THREAT MANAGEMENT, EMAIL PROTECTION, AND CLOUD-BASED SECURITY SOLUTIONS, YOU CAN EFFECTIVELY MITIGATE CYBER RISKS AND SAFEGUARD YOUR ORGANIZATION'S CRITICAL ASSETS.**
